CMS Belgium

ABOUT THE FIRM

For over 30 years, we have been advising local and international businesses operating in Belgium as well as a large number of public sector actors.

Clients appreciate our entrepreneurial and team spirit as well as the strong relationships we build with them. We believe that lawyers need to understand their clients' business to provide to-the-point, inventive legal and tax advice. We work efficiently and our fees and arrangements are transparent and clear. That is why clients regularly trust us with the most delicate and complex cases.

Our teams assist clients across a wide range of expert practice and sector areas.
