ENS

ABOUT THE FIRM

ENSafrica has the capacity to deliver on the business requirements of entrepreneurs and corporates across industries and the African continent. We are able to leverage our resources to deliver legal solutions that suit our clients' pricing preferences and timeframes.

Our focus is on finding innovative solutions to ensure our clients achieve their commercial goals, whether it be successfully executing a strategy or defending their position. Our aim is to deliver in the manner that best suits our clients' risk profile, working preferences, and pricing structures.

We advise businesses directly or work closely with a client's in-house legal team to ensure that the end goal is achieved in the manner that best suits the assignment. .

With more than 200 years' experience, ENSafrica's significant expertise extends across the breadth of commercial areas and covers the African continent.

We harness our deep specialist expertise across practice areas to provide clients with to-the-point, jargon-free advice and tailor-made solutions.

Work is done at the correct level to reduce unnecessary costs, and our clients have the flexibility to choose the working arrangement that is best for their business model.

ENSafrica's legal and tax capability is further augmented by specialized teams that consider all aspects of a project, transaction, venture ,or investment within the African business context.

ENSafrica also offers clients access to knowledge, fresh insights and regulatory and legislation updates to provide strategic information, topical training, and alerts to support our clients' way of doing business and to empower them in their decision-making.
